

510-0250 e-ASK Sealed Controller

Keyless-entry security and convenience for access door systems through an electrical interface that includes both a keypad and remote fob transmitter for the ultimate in end-user convenience and functionality.

DESIGNED FOR:

- TriMark's e-ASK systems consist of a selection of compatible components that allow for complete keyless entry for on and off-highway vehicle applications
- Incorporation into TriMark mechanical latches and handles by providing keyless entry, security and convenience for access door systems through a RF remote fob electronics
- Integration to existing or independent SAE J1939 or other CAN based multiplexing buses
- SAE J1939 and other multiplexing protocols

TriMark. Interactive. Product. Selector

FEATURES/BENEFITS:

- 12V DC (or 24V DC) operation
- Rugged and durable construction
- Low power consumption mode with current draw of non-RF modules below 2mA
- 12 low inputs
- (4) 20 amp relays
- SAE J1939 at 250K/500K or RVC to enable communications with other modules
- Available with 4 button and 2 button FOBs
- Software adaptable to OEM specific requirements
- Compliant to on-road, off-road, and industrial environmental requirements
- Variations for single or multiple door control
- Staggered outputs for minimized current draw
- Water resistant
- Compatible with 433 MHz Radio frequency (RF) remote transmitter fob
- Compliant to FCC, IC, and EU RF requirements
- Available with security system, lighting control, keypad connectivity, ignition connectivity, and other auxiliary device control
- Customizable via various hardware configurations or software modifications

AVAILABLE:

- Customized kits can include water resistant door modules, dash mount I/O modules, keypads, RF transmitter, wiring, power lock actuators and other security system accessories.

USE WITH:

- TriMark 530-0100 e-FOB Transmitter
- TriMark 550-0100 Power Lock Compact Actuator
- TriMark 500-1050 e-ASK System CAN (Sealed)

INSTALLATION:

- I/O module is easily installed with (2) 1/4" or M6 screws (not included) and can be mounted in a concealed location

Compliant to SAE J1939 CAN and other multiplexing protocols

U.S. Patent No: 6,789,003 / 7,034,655 / 7,119,709 / 8,350,669
