## Edition 23 October 2022

**New Hampton, IA - October 2022** — TriMark is exhibiting at bauma October 24-30 at the Trade Fair Center Messe München. It is the world's largest construction machinery trade fair, featuring more than 3,500 exhibitors from 62 countries and is a must-see event.

We would like to invite you to **Hall A5 Stand 525** to see why TriMark is the leading global door solution provider offering **Global Reach**, **Global Support** and **Global Supply** of access door systems with products that are **Designed** for you, **Built** for you and **Secured** for you.

Exhibits will include several interactive demonstrations of TriMark's mechanical and mechatronic products access solutions. We are excited to show our latest e-ASK PKE system, featuring passive keyless entry, keyless start and immobilization as well as our newest line of Powered Products that provide several solutions for hard to close doors due to high door seals, air compression or pre-bowed glass.

Also on display are six popular door access systems that range from simple compartment solutions up to full personnel door solutions, our latest New Suite of Access Hardware named TouchOne, and we are showcasing our Modular Pull Handle Family that offers a range of good/better/best range of features/benefits in a common mounting pattern allowing upgrades and model differentiation.

If you would like to see a full demonstration of TriMark products or would like to discuss your specific applications, please contact Richard Footer, European Sales Manager at [richardfooter@trimarkeu.com](mailto:richardfooter@trimarkeu.com), to set-up an appointment.

We hope to see you there.

## More on What You'll See from TriMark

### TriMark's Integrated Access Systems

Designing and implementing a full door system solution requires a wide-range of high-quality products working together to form a rugged, reliable system. We have on-display four popular access systems that range from simple compartment solutions up to several full personnel door solutions that set the standard in excellence, design and value in the field.

### TriMark's e-ASK Keyless Entry Systems

TriMark's e-ASK keyless entry systems adds further functionality, convenience, productivity and security to your Access Door System. Your choice of several systems and components can provide 'state of the art' automotive style passive keyless entry and keyless push button start or basic lock/unlock. Additional functionality includes the control of compartment doors and hoods, windows, ignition, lighting, pneumatics, hydraulics, horns and sirens plus other security systems.

## TriMark's Modular Pull Handle Product Family

Another new concept on-display is TriMark's Modular Pull Handle Family that offers the OEM different levels of features/benefits ranging from the most basic mechanical function all the way up to an e-Locking capacitive sense version for passive keyless entry. Providing the same mounting and similar space claims, this family of six products provides for standardization across OEM platforms, good/better/best functionality and allows for product differentiation and upgrades.

## TouchOne

Our latest New Suite of Access Hardware named TouchOne utilize shared styling cues to infuse your cab and enclosures with a contemporary look and feel. The aesthetic design elements have been specifically developed to provide customers with a very comfortable and tactile feel for the main door and window touch points. These multi-family access product selections include a Push Button or Pull Handle, Interior Squeeze Release and a Rotating Rear Window Handle.

## About TriMark

TriMark, celebrating its 50th Anniversary in 2021, is an employee-owned company and is a recognized leader in the design and manufacture of quality hardware products for the agricultural, construction, truck, bus, recreational vehicle, power sports, specialty vehicle and armored vehicle markets.

TriMark is one of the world's leading innovators, designers, and manufacturers of vehicle door hardware. TriMark offers a comprehensive selection of handles, latches, linkages, hinges and complete door access systems including mechatronics for keyless entry and vehicle security.

The TriMark corporate headquarters is located in New Hampton, Iowa, USA. TriMark serves the China market through TriMark Xuzhou and the European market through its subsidiary, TriMark Europe Ltd, based at Bardon Hill, near Coalville, Leicester. TriMark has been a valued partner supplier to Caterpillar for more than 45 years, in addition to other customers, including PACCAR, John Deere, AGCO, CNH, Harley-Davidson, Knapheide, Polaris, Oshkosh and Doosan (Bobcat), who provide world class vehicles and equipment.

For 50 years, TriMark has been recognized as a true partner while building a global reputation for providing customers precisely the systems solutions they require.
